

Critter Visits

Contract for Basic Critter Visit

Critters from the Woolley Wonderland Farm booked to attend your function visiting with your guests. Critters may include: Mini Pony, Mini Donkeys, Lambs & Sheep, Mini Goats and Kids, Mini Cows, Pot Belly Pigs, Rabbits, Chicks, Geese, Funky Chickens and Ducks with at least 5 varieties of animals present.

We will arrive and set up to be ready for your guests (for the start time you have booked) in a Critter safe area. The safest location for the animals will be selected as our Critter Zone. With cold or rainy weather, we must be indoors or well sheltered from the elements. You must advise us if there is only a hard surface so we can bring appropriate bedding. If we are inside, we will bring a tarp to cover the flooring and put down straw to absorb any messes. We will do our best to minimize the mess. Any straw tracked or leaks will be your responsibility for the final clean up and sanitization. **You must ensure that all outdoor pets** are secured inside while the Woolley Wonderland Critters are on-site. (Inside pets to be secured if we are indoors) **Adults are requested** to stay with the youngest of guests to ensure they remain calm and follow the rules.

It will be YOUR responsibility to have a hand washing station available for all guests. This can be a bucket of soapy water, hand sanitizer or immediate use of the washroom when exiting our area. **Please see the additional PDF regarding protocols for health.**

Our Donkeys and Ponies can't be ridden but you will be able to walk with them, lead them, groom or pet and offer them a carrot or treat. Two staff members are required for the larger animals and you will see supplemental fees outlined on your invoice.

Full payment must be made prior to the start of the event. Date changes due to Covid lockdown or testing within your household are permitted with no additional fees.

The host of the event must maintain a record of all those in attendance for 4 weeks in the case that Covid Tracing is required. Masks must be worn by all guests over the age of 4 while in our vicinity. Our staff have the right to request guests to remain outside of our Critter Zone, for the safety of our Critters if our rules are not being followed.

Critter Visits carries appropriate liability insurance for our events.

If you have any questions, please email or call.
