

Contract Details for Fostering Bunnies 2021

Woolley Wonderland Farm thanks you for your booking for the Foster Bunny Program. You have a start date (farm pick-up) per your booking confirmation.

It will be YOUR responsibility maintain appropriate sanitization for your bunny space. An adult must supervise toddlers & children around the bunny at all time. Pets in your home may react well to the bunnies or may react in an aggressive manor. **We entrust that you** will provide appropriate protection for the safety of the bunny.

By following the guide booklet we provide, you will be able to successfully care for your bunny. Please be wary of our warnings specifically; do not leave bunnies unattended outside ever, do not leave bunny around pets or children unattended.

We have provided you with the basic necessities for the time you have the bunny: a cage, bedding, litter box, hay rack, hay, food, food dish, water dish or bottle plus a manual. All items should be returned with the bunny. You are welcome to provide treats, take bunny for a walk on a leash (try inside first!) and make bunny a part of your family.

Our expectations are that the bunny will be returned to us, at the end of your foster period in good health. We have trimmed their nails and inspected their ears and teeth before you leave the farm.

At the end of the month, you may choose to A: extend your foster period for another month, B: to fully adopt your bunny **with the cage and fixings** or C: to return our loan items and purchase the bunny outright, or return the complete kit and bunny. Your returned bunny may be fostered by another family, purchased or become part of our breeding program.

We treat all our animals with respect and the best of care while they are at Woolley Wonderland farm. We do not slaughter any animals at Woolley Wonderland Farm. Any of our livestock that is processed for food is done at a government licensed facility. All our bunnies are pets. None are bred for meat purposes at our farm.

Please see our additional sheet regarding Covid Protocols for Pick-up and Return as well as our **General Health Notice** regarding keeping animals.

This is a non-refundable program.
